

**UHS Site Council**  
**Form B: Grant Request for Supplies & Materials**

Organization/School Club: Athletics Requestor Name: Dave LePeau  
Total \$ Requested: \$6,309 Date of Request: 11/14/2016  
Date Funds Required: As Soon as Possible

1. Briefly describe the nature of your request, including a description of the supplies or materials requested; attach itemized breakdown of costs and a quote if available.

**The athletic weight room is long over due for renovation, upgrades and expansion, this request is to both update and expand the current state of the weight room and give it more versatility by including cardio equipment that would be beneficial not only to our athletics programs, but our staff and physical education classes as well. See attached quote.**

2. How often does this need for supplies or materials occur (e.g., one-time, recurring)?

**This is a one time request for this specific equipment, however this request will not fulfill a full renovation of the weight room, if approved, I would expect to make similar requests (dollar amount) over each of the next two years.**

3. What is the educational value and/or benefit of this request to participants, students or UHS community?

**The added value of weight room equipment, specifically cardio equipment is invaluable to our stakeholders. Providing staff with proper workout equipment reduces health care costs, increases job satisfaction and improves overall health. For our athletes, increasing the capacity to work out allows our programs to train on a level playing field leading to greater success which leads to higher participation and eventually improved student performance in the classroom. Cardio equipment will allow injured athletes a place for rehabilitation and outdoor sports a place to train during bad weather.**

4. If applicable, please list any other funding sources utilized to address this need.

**Interscholastics has promised \$10,000 toward our weight room renovation and Rincon PTA has promised \$1,600. Laura Grijalva has donated 30 sheets of plywood and screws to rehab our weight room walls.**

Organization/School Club: RUHS Band  
Total \$ Requested: \$13827.75  
Date Funds Required: ASAP

Requestor Name: Jeff Marchant  
Date of Request: 11/28/16

1. Briefly describe the nature of your request, including a description of the supplies or materials requested; attach itemized breakdown of costs and a quote if available.

**We are asking for school council to purchase an Adams ABDF3622 36" Concert Bass Drum w/Field Frame, an Adams XSKF35 Xylophone 3.5 Octave, and a band rehearsal tower from Cliff's welding.**

2. How often does this need for supplies or materials occur (e.g., one-time, recurring)?

**The instruments would be used 6 days a week, year long, and the tower everyday during the fall semester.**

3. What is the educational value and/or benefit of this request to participants, students or UHS community?

**These large style of percussion instruments are never purchased or rented by students. It is traditional and necessary for them to be owned by the district or school. The tower would enable us to use our practice field more often, reducing damage to the main football field.**

4. If applicable, please list any other funding sources utilized to address this need.

**District fine arts has said that capital funding of large instruments is the school's responsibility. The suggestion was made here to approach school council. The instruments we seek to replace have been here since the school was opened and are in very bad shape. The band boosters and our tax credit account have recently replaced all the snare and bass drums.**

1. Briefly describe the nature of your request, including a description of the supplies or materials requested; attach itemized breakdown of costs and a quote if available.

**These funds will be used to replace three cheer mats which can be used for Spiritline practice and competitions. The mats are 1 3/8" thick x 6' W x 42' H Cheer mat, purple vinyl Rolls up for easy storage w/velcro attachments and storage straps. See attached quote.**

2. How often does this need for supplies or materials occur (e.g., one-time, recurring)?

**This is a one-time request.**

3. What is the educational value and/or benefit of this request to participants, students or UHS community?

**Data is overwhelming that participation in extra curricular athletic activities improves graduation rates, GPAs, test scores and likeliness to finish college. While participation decreases dropout rates, misbehavior and likelihood of illness. Spiritline is also a vital contributor to positive school culture. Keeping our athletes safe is foundational and having appropriate mats is essential to keeping our kids healthy.**

## 2016-2017 University High School Parents' Association Grant Application

### Beth Braun Miscione/Fine Arts/Dance

1. I am applying for a UHSPA Grant to purchase a new sound system for the dance room. I have been teaching at UHS since 2004-2005 school year and gradually over the years the sound equipment has been breaking. It endures a great deal of use everyday and the equipment was old when I started in 2004. Approximately 3-4 years ago I was given an amplifier by the UA Dance Department as they had gotten new ones and that stopped working last spring. I have approximately 160 dance students who will benefit from the new system this year alone. High quality sound systems are imperative as often when working with a piece of music for choreography, there are subtle nuances that cannot be heard when using poor quality equipment. This has been our situation for the past few years.
2. Please see the attached quotes which give a breakdown of all the equipment needed for the new system.
3. I have attached two price comparisons. The better of the two is the "JBL" system. I have been consulting UHS alumnus who graduated from the UA Technical Theater program with an emphasis in sound engineering. His recommendation is the "JBL" system.
4. I have not requested funds from any other source.
5. Almost 100% and Dance Club will cover the remainder.
6. If we do not receive the full amount requested, I will put the project on hold until we can raise some money with our performances later in the semester.
7. We did receive funding from UHSPA approximately five years ago which went towards two of our Holiday Bowl trips. I have not requested funding since.
