7th Period Day Option

Students at UHS are limited to the number of periods in the day they can take electives due to a 6 period day. Students at other TUSD High Schools (Catalina, Cholla, Tucson High, Pueblo, Santa Rita, Palo Verde) have 7 period days where students have the option to take additional courses for enrichment that they are passionate about.

UHS currently operates many enrichment opportunities as clubs that other schools in the city and around the country offer as classes for credit including: Student Government, Mock Trial, Model UN, Science Olympiad, Envirothon, Newspaper and Film.

To provide students more structured opportunities to participate in enrichment courses at their own discretion, the school council will endorse the advocacy of a 7th period day at University High School to be used for enrichment courses, or academic help in math, writing or science. This additional period would not require students to take another core class or Advanced Placement course.

Teachers on a full time contract would still be required to teach 5 classes with this schedule option. Teachers would be provided two planning periods in this option. According to consensus agreements, the faculty would be instrumental in creating the bell schedule that would then be brought to the school council for approval.

2016-2017 School Council Dates

All School Council Meetings will begin at 3:30 in the UHS Library.

August 9	January 10
September 13	February 14
October 18	March 14
November 8	April 11
